DECEMBER 92

JANUARY 93.

I recently had the honour of being invited to a social evening in London, hosted by an Ulster Loyalist organisation. The company was friendly, the drum and flute band excellent, and the talk was of those overseas in Ulster, fighting in the Frontline against the marxist I.R.A. It was somewhat frightening to realise, that within a couple of hours travel from where we were enjoying ourselves, the spectre of Communism still threatens Britain and it's people. However, judging by the determination showed by those assembled, then Ulster, and Britain are in safe hands !.
Thank you lads, for a truly memorable evening ! **NO SURRENDER !**

* * * * * *

As we rapidly approach the end of the year, it is traditionally a time for reflection, and the past year has certainly been eventful, both at home and overseas.

We have seen electoral successes for Nationalists all over Europe, and spontaneous, sometimes violent reaction, from Europeans disgusted by their governments unwillingness to protect them from mass third world immigration.

At Home, we saw two prominent "anti-fascists" walk free from court following attacks made on Police and elderly members of the public some time previously. **A day when justice, was in our opinion, neither done, nor seen to be done.**

On a brighter note, we were pleased to hear of the continued "splitting", of the "anti-fascist" movement, best demonstrated at the strangely named "Unity Carnival", where a female member of CAFE, was "headbutted" in the face, by an AFA thug, "Unity" indeed! **But, united or not, these political pygmies, will never be able to stop our eventual march to victory.**

* * * * * *

Certainly **"Victory"** it was, for respected Historian **David Irving** who managed to hold **two major Revisionist conferences** in London during the year, and the emergence of a new stewards group, **"Combat 18"** taking charge of security.
Like Europe, we also saw a small glimpse of **"spontaneous reaction"**, when members of the British public twice **attacked IRA supporters as they attempted to hold marches in London.**

* * * * * *

The BNP's
"Caring Candidate"
Barry Osbourne
wins 20% of the vote.

The **British National Party,** also claimed victory, with their best ever AGM, held in a very prestigious venue in Central London.
The **National Front,** also campaigned victoriously against a proposed "anti-fascist" march in the Midlands, a campaign, which forced the Police to alter the proposed march route away from the town, and into an industrial estate.

* * * * * *

But, there are two events, which for me, point the way forward to our eventual victory.
One was the electoral success of **BNP candidate Barry Osbourne,** who gained some **20% of the vote** in a council by-election, by choosing his ground carefully, and then putting in an astonishing amount of work, leafleting and canvassing, to show that the BNP were the only Party in that election that actually **"cared" about White voters,**
and the second was the wonderful success of the veteran Nationalist, **Colin Jordan,** who had the courage to challenge the unified strength of the "Jewish lobby", Local magistrates, the North Yorkshire Police, and the Crown Prosecution Service, and to score a seemingly impossible **Victory,** against this **"unholy Trinity".**

With people like this, fighting on Our side, then we must all look forward to a **"Happy New Year".**

AFA SPLITS

OVER RED ACTION VIOLENCE

"Anti-Fascist Action" is facing yet another split in it's ranks, as other "anti's" rebel against the thuggish behaviour of "Red Action".

Already, the Trotskyite "Revolutionary International League" have left AFA, albeit unwillingly, when they were "disaffiliated", for **daring to criticize the behaviour of Red Action thugs.** The criticism, centered on the physical violence threatened to two of RIL's **Black members**, by Red Action gangsters, when they were expelled from the South London AFA. RIL members have also had their individual memberships of AFA cancelled.
Verbal attacks, and physical threats, have also led to the South London based "Black Consortium" **withdrawing their support from AFA.**

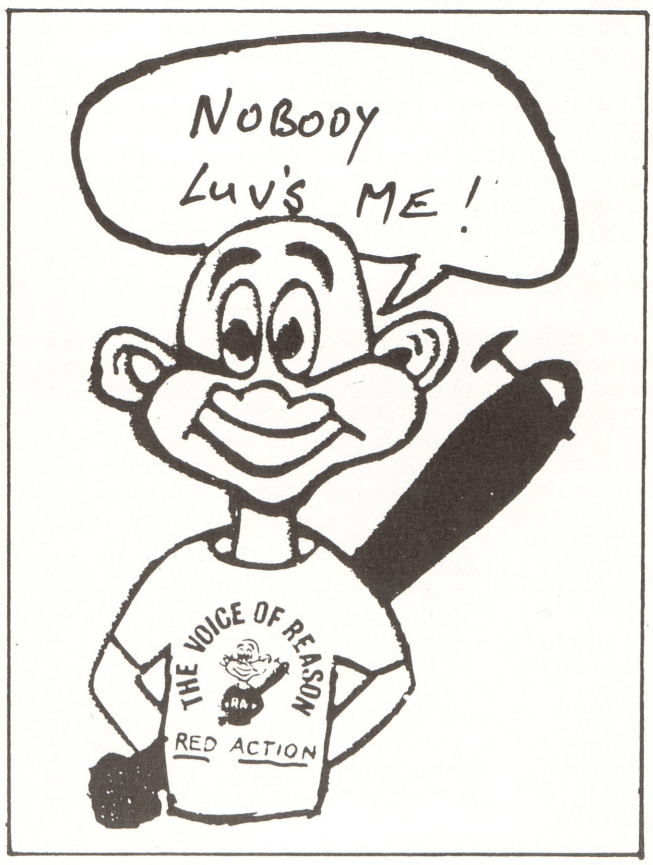
"Red Action" violence, was also in evidence at the inappropriately named **"Unity Carnival"**, where several members of the **"Campaign Against Fascism** in Europe" including a women, **were badly beaten by "Red Action" stewards.**

But, whilst "Red Action" have had a successful time bullying their fellow "anti-fascists",their own "street credibility" has been thrown into serious doubt, having **been twice chased from "demo's" by Nationalists.**
Once from the "Holocaust" Revisionist meeting organised by David Irving, and then the British National Party's AGM, **where Red Action thugs, were seen fleeing as fast as their little legs could carry them, hotly pursued by members of the Nationalist "Combat 18 Group".**

Similarly, AFA/RA's decision to organise attacks on young Nationalists assembling at London's Waterloo Station for redirection to a Patriotic music festival, also backfired, as some 29 **"anti's" were arrested.**
The attacks mounted on the Police that day,have also led to the **Crown Prosecution Service** launching an investigation into **"provocative leaflets"** issued by AFA/RA before the event.
Also rumour has it, that some of the RA "hangers on" have decided that **"confrontation politics"** can be a bit too rough, after their painful experience at the **"Enkel Arms".**

AFA has also lost much credibility, following the decision by **Gerry Gable,** editor of **"Searchliar"** magazine, to "expose" that **CAFE leader Steve Myers,** was really named **Steve Masterson.** (Exposing informants is somewhat of a habit with "Searchliar")
This has led to members of **CAFE** providing information about **Red Action** and their colleagues, to interested members of the Nationalist movement, sometimes with quite devastating results.

The **three** main groupings that made up the AFA structure,**Red Action,Direct Action, and Workers Power,** now seems to be destined to further reduce to **two,** with **Workers Power** likely to withdraw, and join forces with the black dominated **"Anti-Racist Alliance".**



IS BRITAIN

As Britain lurches from crisis to crisis, with over a quarter of our foreign reserves wasted in a failed attempt to bolster a falling pound, the unemployment figures hovering around the three million mark, and almost a thousand of our citizens losing their homes every week, League Sentinel asks, "Is Britain going Broke"???.

BALANCE OF PAYMENTS

The financial position of a country, is normally indicated by the difference between the earnings generated by exports, against it's spending on imports, and here, Britain is already in deficit. Yet our government, in just a few short days, wasted over a quarter of our entire reserves of foreign currency, trying to defend a weak pound, thus effectively giving our money to international speculators, and usurers, when it was widely acknowledged that a devalued pound means that our exports become more attractive to overseas buyers, whilst imported goods, many of them luxury items, becoming more expensive.
The inevitable result of this, is, that orders from abroad increase, whilst native Britons would be forced to seek British made products, instead of their more expensive foreign counterparts.
For whose benefit was this done ??

UNEMPLOYMENT

Britain currently looses one job every minute of the day. Sixty jobs every hour, one thousand, four hundred and forty jobs each day.
Skilled craftsmen in the aerospace and defence industries, construction workers, car workers and coal miners, all are being thrown onto the scrapheap of unemployment.
Entire communities, in both the coalfields, and the "Hi-Tec" areas such as Hatfield in Herts, are devastated as they face a future beginning and ending with the dole queue. Yet our "British" government, still allow thousands of "economic refugees" to flood into Britain draining resources, that should be used to generate work for our own people.

British Coalminers, suffer over cheap Columbian coal imports.

HOMELESSNESS

Thanks to usurious interest rates, and mass unemployment, over a thousand British families have their homes repossessed every week. Families with young children are forced to live in "Bed and Breakfast Hotels", whilst their former homes are being bought with government funding, by housing associations, such as the "Peabody Trust", who then use them to house third world immigrants.

The government policies, if continued, will no doubt lead to a completely bankrupt Britain, and this once proud Nation, will be reduced to the status of an African Banana republic.

But what should Britain's rulers be doing ???

GOING BROKE?

OVERSEAS AID

Until recently, the government argued that the high interest rates, that were crippling British industry, and forcing Britons out of their homes, and into cardboard boxes, needed to remain high, to attract foreign investment into Britain, yet the same government continues to give away over **ONE AND A HALF BILLION POUNDS** every year in overseas aid. This is **OUR** money from **OUR** taxes, **and should be invested in British industry and British workers.**

STOP USURY

In a belated attempt to boost consumer spending, and get Britain back to manufacturing items for the home market, the government decided to "bite the bullet" of a devalued pound, and lower the Bank of England interest rates. But the banks, and other financial institutions, instead of passing the cuts on to the public, and industry, have maintained artificially high rates to boost their own profits. **THIS PRACTICE MUST CEASE !**

STOP IMMIGRATION

Every immigrant, or "Economic Refugee that arrives on our shores, needs a home, a job, or money from State Aid, but, impoverished Britain can no longer afford to give any of these benefits to outsiders. Therefore we must firmly close the gates at Air and Sea ports. **NO ENTRY TO BRITAIN !**

Britain must return to being

"The Home of the British"

START REPATRIATION.

A humane programme of phased repatriation must be introduced as soon as possible. Any immigrant found guilty of any criminal offence, must be immediately deported. A rigorous investigation into the whereabouts of the million or so illegal immigrants must be instigated, and when found, they too must be deported.
An immediate freeze on the civil rights, ie; the right to vote, or hold public office, must follow, and then an incentive scheme modelled on the type already successfully used by our government against the Vietnamese boat people in Hong Kong, must be introduced. **BRITAIN MUST RETURN TO BEING "THE HOME OF THE BRITISH".**

IMPORT LEVIES

Whilst Britain maintains a series of mutually beneficial trade agreements, both through the EEC, an in other parts of the World, there are many more areas in which Britain is at a severe disadvantage.
We have recently seen an attempt by a British government, to close some 31 British coal mines, making 30,000 British coalminers redundant, yet we continue to **IMPORT** coal from Columbia, a country which takes almost **NO GOODS** from Britain.
Cars flood in from Malasia and Japan, whilst British car workers are laid off. Our once mighty merchant fleet, now consists of vessels flying "Banana Republic" "Flags of Convenience", and manned by cheap labour crews from the Phillipines, whilst our British Seaman "sign on" at the job centre.
An immediate plan, of selected import levies, combined with a policy of "positive discrimination" when awarding shipping contracts, is necessary to both increase our balance of payments, and to help ensure the future of both Britain, and it's workers.

It was indeed a wise man who once said.. **"A Nation's greatest asset, is it's workers"**, and unless our "British" Government learns this lesson quickly, **Our Nation** and **Our People**, will be doomed, not only to bankruptcy, **BUT TO TOTAL DESTRUCTION!.**

Veteran Nationalist, the Dowager, Lady Jane Birdwood, is set to face yet another **"witchhunt"** against her, over a publication entitled **"The Longest Hatred"**.
It has been alleged that the 55 page booklet contravenes the Race Relations Act. The booklet is published by a previously unknown organisation called "Inter-City Research".
The Director of Public Prosecutions, Barbara Mills, has asked the Police to investigate the matter, following a complaint from Labour MP, Stan Newens.

A Walsall "racial equality advisor", has threatened **violent "counter-demonstrations"** in the town, if the **National Front** continue their plans to "Target" the area for a heavy programme of activities.
Grahaeme Connigale, secretary of the Walsall Race Equality Council, said, **"there is danger of violent confrontations with the NF"** and called for the Police to ban their proposed meetings.

A Labour Councillor has been jailed for repeated sexual assaults on a 15 year old girl.
Sue Smith, aged 33, of Frazier St, Waterloo, was a member of **Lambeth Council**, and served on the Social Services Committee.
Southwark Crown Court was told that Smith had committed a series of sexual assaults on the terrified 15 year old girl, over a long period of time.
Smith was jailed for 18 months.

Britain could face an influx of some **40,000 refugees from Kenya**, if the country continues it's slide into chaos.
The country is currently ruled by the Dictator, Daniel arap Moi, and has been beset by violence caused by tribal differences, in which several hundred people died last year.
A secret paper from the British High Commission in Nairobi, to the Foreign Office in London, has been leaked to a Kenyan newspaper, which reveals that Whitehall was reminded that there are around **40,000 people**, mainly of **Asian** descent, who hold either **British Citizenship**, or at least have some **right to settle in Britain**, currently living in Kenya. The High Commission felt that if the situation deteriorated further, then many, if not all, would exercise these rights, and **demand entry to Britain.**
Whitehall sources have confirmed the authenticity of the document.

JORDAN WINS HIGH COURT BATTLE

The Veteran Nationalist, Colin Jordan, won a historic victory recently, when at the Royal Courts of Justice, in Central London,the Crown Prosecution Service, and the North Yorkshire Police agreed that they had acted unlawfully in searching Mr Jordan's house, with an outdated search warrant.

The case had begun in June 1991, when the North Yorkshire Police, acting on a complaint from Labour MP Gerald Kaufman about a "anti-Israeli sticker", raided the home of Mr Jordan, and seized vast quantities of research files and personal documents. **They had not, however, noticed that the search warrant was "out of date", and therefore invalid.**

Mr Jordan immediately launched a private prosecution against the Police Officer in charge of the raid, on charges of breaching the 1984, Police and Criminal Evidence Act (PACE), under which the raid had been conducted.

Mr Jordan also demanded the return of his "illegally seized" property, using the Police (Property) Act of 1897.

As the search warrant had been signed by a magistrate from nearby Harrogate,and Mr Jordan made it known that he would be issuing a witness summons against this magistrate, the case was then moved to Staincliffe Magistrates Court at Skipton.

The Staincliffe magistrates proved equally unsympathetic, and the application for witness summonses was refused.

At the first hearing, on the 14th of July 91, the case was adjourned after a preliminary outline had been heard, on the grounds that the Crown Prosecution Service was considering bringing charges against Mr Jordan, under the "Race Relations" Act, over 4 items that had been discovered during the raid.

Mr Jordan then decided to apply for a "Judicial Review".

This procedure involves initially appearing before a High Court judge at the Queens Bench Division of the High Court in London, when the applicant asks the judge to correct proceedings or decisions made by the lower courts. **The application was refused!**

Mr Jordan appealed against this decision, and on November the 6th 1991, before Lord Justice Watkins, and two other judges, Mr Jordan was granted leave for Judicial Review.

Somewhat ominously for the authorities, the Lord Justice commented that if the search warrant was indeed defective, then the Police had **"no right to be on Mr Jordan's premises, and no right to seize any of his property."**

The authorities struck back on the 7th of December, by confirming that Mr Jordan would be charged with offences under the Race Relations Act, with regard to 4 items of "abusive" literature found in the Police raid.

The case was set to be heard at Pateley Bridge Magistrates Court, West Yorkshire the following week, but following Mr Jordan's complaint of "short notice" a new date in early January was substituted.

On January 10th 1991, Mr Jordan appeared in front of the Pateley Bridge Magistrates, and argued that as a Judicial Review had been granted by the High Court, no further action should be taken on this matter until the outcome of the Judicial Review was known. After some deliberation the Magistrates agreed to adjourn the case.

The Judicial Review was set to be heard by Lord Justice Beldam, and Mr Justice Tudor Evans, at the Royal Courts of Justice, on November the 2nd 1992. However, before the review could actually begin, **the North Yorkshire Police, in association with the Crown Prosecution Service, completely capitulated**, giving Mr Jordan a written assurance that **"the proceedings against you in Pateley Bridge Magistrates Court will be discontinued, no further actions will be taken against you with respect to any items seized by the Police, and the return to you by the Police of all items seized. It was further conceded that the search warrant was invalid."**

Cost were awarded against the CPS, and on the 11th of December 1992, a court order was issued requiring the Police to return all property within 7 days.

Mr Jordan's brave fight should be an example to Nationalists everywhere, and a warning to those who seek to suppress our Freedom of Speech. A real "Triumph of the Will".

VIEWPOINT

The recent attempt by veteran Nationalist, Mr Colin Jordan, to have the publishers of the "anti-Christian" publication, the TALMUD, charged under the odious "Race Relations Act", has predictably ended in failure.
Mr Jordan complained that certain sections of the Jewish Holy Book, vilified Christians by accusing them of "sexual acts with animals".
The Attorney General's department decided, "after taking the advice of leading counsel" that there would be no "realistic chance of obtaining a conviction".
Leading Jewish Religious authorities, whom it is presumed, were consulted about the accusations, declared that, "this part of the Talmud was written hundreds of years before Christianity, and has no relevance today".
Might we then ask, WHY HAVEN'T THE OFFENDING PASSAGES BEEN DELETED ???

There is a rumour, that at the recent industrial tribunal of a Nationalist who eventually lost his job because of his political beliefs, some of the evidence against him was provided by "Anti-Fascists". When questioned further about the source of this "evidence" it was reluctantly admitted that some of it had been provided by an "insider" in the BNP.
When pressed for this "informers" name, the tribunal was told "TIM HEPPLE".
It would appear that someone of this name, was for a short time, assisting in the BNP's bookshop in Welling.
The rumour also says, that this individual is to be the "star" of yet another "Searchliar" inspired television documentary "exposing" the BNP.

Now throughout history, "spying" has always been a dangerous occupation.
In all countries of the World, "spies" when discovered, have normally met with EXTREME HOSTILITY from the victims of their espionage, AND LONG MAY THIS CUSTOM REMAIN !!!!

*** Should these rumours be incorrect, we would welcome contact with Mr Hepple, so as he can put his side of the story. So if you are reading this Tim, please send us your current address, so as we can send somebody to interview you.

The recent proposals from the Law Society seeking to force solicitors to employ a quota of Black and Asians raises some interesting questions.
The figure of 5% is suggested, as presumably the approximate percentage figure of Black and Asians living legally in this country.
Now, following this policy through to it's logical conclusion, will this mean that Jews, who make up about one percent of the total population, will be dismissed from areas in which they are disproportional represented, such as the legal and media professions ?, and might we see less Black faces on children's television programmes ?? or even, some White bands on popular music shows ??? I DOUBT IT !!!

LEAGUE NEWS.

A League member, who is a student, has delightedly reported on a **"punch-up"** between a member of the **Socialist Workers Party**, and a member of the **Union of Jewish students**, at London's Queen Mary and Westfield College recently.
The fight occurred in the students union building, when a member of the pro-AFA, pro-Zionist UJS, called a member of the pro-ANAL, pro-Palestinian SWP, a **"Fascist"**, because of some SWP propaganda that he was distributing.
The "Fascist" promptly punched the UJS member in the face, and then had be restrained from continuing the attack, by other students.
When "Sentinel" phoned to ask for an explanation, a students union spokesman refused to discuss the issue, as it was considered "delicate"..

We were delighted to hear that **"Searchliar"** editor **GERRY GABLE** has been **BANNED** from lecturing Police cadets at the Met Police college in Hendon, North London.
Predictably, Gerry blames those in "authority" who having failed to gain a conviction against him earlier this year, are now extracting their revenge, but a "little bird, with big flat feet" tells us "the college authorities were not fully aware of Gable's past, until recently", **WHO COULD HAVE TOLD THEM ??**

Also on trial with Gerry, was "a leading member of AFA" **Gary O'Shea.**
Gary has also been named, as a being a leading light with **"Red Action"**, and following his acquittal, this group of "pro-IRA" thugs, have attracted, what they claim to be "more than their fair share of attention from the Police".
Up and down the country, RA activists have been arrested for various offences, in what RA describes as being "an attempt to criminalise anti-Fascists". Even their self claimed "Victory" at Waterloo station, has become somewhat hollow, with some **29 of their members arrested**, and the **Crown Prosecution Service now investigating a "Provocative Leaflet"** that was issued by AFA/RA prior to the event.
SAD, ISN'T IT !!!

The **League of St George** will again be visiting **Dixmuide** in Flanders to take part in the annual **"Pilgrimage to the Ijzer"** in late August.
If sufficient people are interested we will book a coach or mini-bus. Costs, including one night in a Hotel, will be between 40 and 50. If you would like more details, **please send a SAE.**

We were sorry to hear of the sad demise of **"ACTION"**, the newspaper so brilliantly edited by Jeffrey Hamm until his recent death.
However, **"ACTION"** is not gone forever, as the **"FRIENDS OF OSWALD MOSLEY"** have decided to incorporate it into their own excellent publication **"COMRADE"**.

"TARGET", the publication of **"PRO-FASCIST ACTION"** have asked us to pass on their thanks to all those that have contacted them, with either information, or donations.
The lads hope to establish their own P.O Box soon, and then get on with issue 2.
Remember, issue 2 must be paid for in advance, via your present supplier,with 3 x 1st class stamps.

OVERSEAS NEWS

GERMANY

Young German Nationalists have claimed responsibility for the arson attack which destroyed part of Sachsenhausen wartime Labour camp, in Berlin recently.
The camp had been converted to a **"Holocaust Memorial"**.
The Young Nationalist, told "League Sentinel's" German correspondent, **"these memorials are useless relics of a bygone age, and now serve no useful purpose. In fact they are often used to stoke up hatred against the German people. Perhaps the land can now be put to a better purpose for the community, a new car park for instance".**

Three German Nationalist organisations, including the National Front, have been banned by the German government, **following threats of a boycott of German goods, by the World Jewish Congress.**
It must be remembered that it was the WJC that publicly "declared War against Germany" in 1933. Thus precipitating the Second World War.

ITALY

Young Italian Nationalists have began their own campaign of **"Direct Action"** against immigrants, with a series of violent attacks.
In Rome, White youths attacked a hostel housing some 200 **"economic refugees" from Pakistan**, and caused so much damage that the building may have to be demolished. In other parts of the country, physical attacks have been directed against Africans and Gipsies.

POLAND

The Polish authorities have been criticized over their decision to charge an **"admission fee"** for entry into the museums at the former Labour Camps at **Auschwitz and Birkenau**, in Southern Poland.
The decision has been opposed by members of the European Jewish Community, and officials from Israel, despite assurances that all monies raised would go towards the cost of maintaining the sites.
An alternative suggestion, that Israel should take over the maintenance costs directly, has been ignored.

ESTONIA

Estonia, newly freed from the yoke of communism, had it's first free elections recently.
The staunchly Nationalistic **"Fatherland Party"** won 28 of the 101 available seats, making it the largest single party in the new parliament.

PRISONERS OF WAR

German Nationalist Comrade, **THOMAS DIENEL** has been arrested for the third time and is present held in custody. Please write to him at .. JVA Erfurt, Domplatz 37, O-5020, Erfurt, Germany.

OBITUARY

It is with great regret, that we have learnt of the recent deaths of the following Comrades.

Dr Norbert BURGER
27/9/92

Dr Burger served his country first in wartime as a young member of the "Hitler Jugend", and then later as the leader of the National Democratic Party of Austria, until it's banning in 1988.

Karl-Heinz VORSATZ
18/9/92

Karl-Heinz Vorsatz served his country in wartime as a young volunteer, and in peacetime as a politician. Firstly becoming a member of the Socialistischen Reichs Partie, then the Deutschen Reich Partie, and later as the Chairman of the NPD in Bremen. Karl-Heinz also served as a member of the NPD Praesidium, and was a very active Nationalist. He died from a heart attack whilst electioneering.

Both of these brave men will be sadly missed by their families, and Nationalist Comrades.

Mr Eugene Terre Blanche, leader of the South African AWB, has launched an urgent appeal for financial assistance, from White Nationalist Comrades in Europe.

The appeal follows a decision by the **"Race Traitors"** that control the South African government, to charge 15 members of the AWB, including Mr Terre Blanche, with conspiracy and public violence, following a demonstration against the South African "puppet President" F.W. De Klerk.
The demonstration took place at a "public meeting" organised by de Klerk in the AWB stronghold of Western Transvaal, to explain to White South Africans why he was betraying their Race and Nation.
On arriving at the meeting venue, the AWB protestors were attacked by some 2,500 Riot Police, firing "live" ammunition and tear gas. **Three AWB members were killed, and many injured.**

Although this incident happened over a year ago, the government have only just decided to prosecute the **"victims"** of the violence.
It is felt that this move is solely designed to restrict the leadership of the AWB from taking part in active politics, at this crucial stage of their country's history. **A time when Whites need a leader that they can trust to safeguard their survival.**

AWB leader Eugene Terre Blanche

appeals for URGENT FINANCIAL HELP.

MILITARY ASSISTANCE

Although the AWB need **FINANCIAL ASSISTANCE NOW!** to fight their case, they have also written to say, that they may later have to appeal for **PHYSICAL and MILITARY ASSISTANCE to help prevent their country from takeover by the Black- Marxist forces, and their zionist financiers, that are intent on destroying the White Race in Africa.**

LAWYERS FACE "ETHNIC CLEANSING"

"Ethnic Cleansing" will hit the legal profession, if proposals put forward by the Solicitors "Trade Union", The Law Society, are ratified by their ruling council later this year.

The proposals, if accepted, will mean that by the end of 1995, all firms of solicitors will have to employ a quota of Black or Asian lawyers.
The plan will force large practices of eleven or more partners, to employ at least 5% of their solicitors, and 10% of their trainees from amongst the ethnic minorities.
Smaller firms, of between six and ten partners, will have to have at least one Black or Asian solicitor on the staff, and even Family firms will have to apply a "positive discrimination" policy when recruiting.
There are already some 800 Black or Asian solicitors working in Britain's legal system, but the Law Society feels that this is not enough.

Solicitors who refuse to abide by the quota system will be disciplined by the Law Society, and in some circumstances could face being "struck off".
"League Sentinel's" legal advisor, told our reporter that "this will lead to discrimination against White trainees, and infringe solicitors traditional right to select the best applicants".

The Bar Council, the body that represents Britain's barristers, have also set a minimum 5% quota to be recruited from the ethnic minorities.
